

CASTING CALL

Abortion myths show up exactly like
Bollywood villains.

Loud. Dramatic. Confidently wrong.

लोग क्या कहेंगे

Controls fear without even showing up.
Lives rent-free in everyone's head.

Signature move: 

 **“Society will judge you.”**

Healthcare decisions aren't public performances.

VILLAIN 2

WhatsApp Forward

**Confident. Incorrect.
Repeating nonsense
proudly.**

Source:

“Maine kahin suna tha.”

Damage:

**Spreading myths
faster than facts can
catch up.**

VILLAIN 3

The Drama Plot Twist

***Believes abortion always means:
Trauma. Regret. Life ruined forever.***

***Because most films skipped showing:
Support, choice, and real healthcare.***

THE TRUTH

Abortion myths survive on exaggeration and silence.

Facts don't need villains.

Healthcare doesn't need drama.

Real conversations beat fake narratives.
