

Pratigya Campaign for Gender Equality and Safe Abortion Members' Charter

Who We Are

We are a network of individuals and organisations working towards a singular objective — **protecting and advancing the reproductive rights of women, girls, and all people who may require abortion care; increasing access to safe abortion care; and promoting gender equality in India.** Pratigya collaborates with government, civil society, medical and legal experts, and the media at national and state levels to promote gender equality, reproductive justice, and access to comprehensive, stigma-free abortion services.

Our Shared Values

All members of the Pratigya Campaign affirm and uphold the following principles:

1. **Respect for Choice and Autonomy** – Every woman, girl, and person who may become pregnant, has the right to make informed decisions about their body and reproductive health.
2. **Non-Stigmatization** – We normalize abortion as essential healthcare and reject any form of stigma, shame, or moral judgment.
3. **Evidence and Integrity** – We rely on credible research, data, and lived realities to guide our advocacy and communication.
4. **Solidarity and Collaboration** – We work collectively, valuing the perspectives and contributions of all members.
5. **Inclusivity** – We stand for the rights of all women, girls and gender-diverse people, irrespective of caste, class, religion, age, marital status, ability, or gender identity.
